General English (GE)

CRICOS: 117810E

This course aims to provide students with the necessary English skills to be able to communicate their needs and intentions to others whether they are native English speakers or speakers of other languages using English as a lingua franca.

- Starter
- Elementary
- Pre-Intermediate
- Intermediate
- Upper Intermediate
- Advanced

The course is designed for students wishing to use English for a wide variety of purposes.

In this course, students progressing from Starter to Advanced levels will cover a comprehensive range of essential language skills. Starting at the Starter level, students will focus on building a basic vocabulary, understanding everyday phrases, and mastering simple grammatical structures.

As they advance to Pre-Intermediate and Intermediate levels, the complexity of vocabulary and grammar will increase, with the introduction of more complex texts and diverse communicative situations.

At the Upper Intermediate level, students will work on refining their fluency, grammatical accuracy, and listening and reading comprehension skills. Finally reaching Advanced level, preparing them to confidently handle academic and professional contexts in English.

Face to face classes

There are 20 hours face-to-face scheduled classes each week (5 hours a day, 4 days a week) and 4 hours minimum self-study per week (project work, homework, etc).

Requirements

The prerequisite is completion of compulsory secondary education or equivalent. Students will be allocated to classes based on their performance in Dynamic English Placement Test by Clarity English.

Learners must be a minimum 18 years
